<PRE>hello steve! my name is michael silvera I presently live in van nuys calif
i am a native of blairs, s.c... my family has lived there for at least 150
years ..I HAVE NOTICED DURING THE LAST 15 YEARS THE DECLINE OF LIGHTNING BUGS
IN THE NIGHT AROUND MY GRANDPARENTS HOME WHICH I VISIT ALMOST EVERY YEAR ..WE
ARE ABOUT 17 MILES FROM THE VC SUMNER NUCLEAR POWER PLANT, AND I WAS CURIOUS
ABOUT IF THE ENVIROMENT HAD CHANGED BECAUSE OF THE PLANT I THINK THAT I
SHOULD MENTION THAT I HAVE LOST MY GRANDFATHER DUE TO CANCER, MR. JOHN L.
BRICE, MY UNCLE, HIS SON, MR. CHARLIE BRICE, MY OTHER UNCLE, HIS SON, MR. J W
BRICE, MY AUNT, MRS SARAH BRICE, (CHARLIE BRICE'S WIFE), MY UNCLE, MR. TOMMY
T. THOMPSON, AND AT LEAST 6 OTHER RELATIVES , COUSINS , ALL DUE TO ONE FORM OF
CANCER OR ANOTHER.. I REMEMBER, BACK IN THE 50'S OF HOW I HAD TO PUMP WATER
UP FROM THE WELL TO TAKE OUT TO THE SHARECROPPERS THAT WORKED MY
GRANDFATHERS' COTTON FIELDS IT WAS COOL, GOOD TASTING, AND NURISHING I
BELIEVED THE BEST TASTING WATER IN THE WORLD...DURING THE 90'S, THE PEOPLE IN
BLAIR WERE TOLD TO STOP USING THEIR WELL WATER AND THEY WOULD HAVE TO START
BUYING WATER PIPED FROM COLUMBIA, S C. (ABOUT 37 MILES AWAY).. FROM FREE TO
COST.. ISN'T THAT AMAZING?...PROGRESS...I'M NOT NAIVE....ONE OF THE FIRST
NUCLEAR PLANTS EVER BUILT IN THIS COUNTRY WAS BUILT AND COMPLETED AND RUNNING
SECRETLY DURING THE 50'S, USING THE NEARBY RIVER THAT FLOWS TO COLUMBIA AS
IT'S COOLANT SOURCE...IT WAS EXPERIMENTAL.. AND NEEDED...AND I'M SURE THAT
WHILE LEARNING HOW TO OPERATE THIS NEW POWER SOURCE THERE WERE NO
ACCIDENTS...BUT IF...JUST IF THERE WERE SOME KIND OF ACCIDENT...TELL ME WHERE
I COULD FIND THE REPORT....I REMEMBER THE ARMY GUARDS STANDING WITH RIFLES AT
THE BLOCKED ROAD LEADING TO IT, RIDING WITH MY GRANDFATHER, THE PEOPLE IN
COLUMBIA ARE DIEING AT A RATE DISPROPORTIONATE WITH THE REST OF THE
COUNTRY...SOUTH CAROLINA HAS BECOME THE NUCLEAR DUMPING GROUND FOR THE REST
OF THE COUNTRY....FINE...BUT, I THINK THAT WE NEED TO TELL THE PEOPLE THAT
LIVE THERE, (WHAT I FEEL IS A HIGH RISK AREA), EXACTLY WHAT IS AFFECTING
THEIR LIVES AND LOVED ONES ...YOU SEE, IF WE TELL THEM IN ADVANCE, WE CAN
AVOID THE COURT COST AND SUITS .SMART HUH? A LOT OF MONEY SAVED, AND GOOD
FOR OUR CONSCIENCE. .YOU KNOW, INSTEAD OF LETTING THEM DIE OFF QUIETLY, NOT
EVER KNOWING WHAT'S KILLING THEM...JUST A THOUGHT .MIKE

I am not really sure if this an allegation or a request for information concerning a power plant
